

LA 43 Racing Motorbike Oil

Description

LA RACING LUBRICANTS 5W-30 PARA-SYN Motorcycle Oil is a premium oil designed for those who demand the absolute best lubrication for their motorcycles. Extensive research resulted in an oil specially formulated to excel in all areas unique to motorcycles, including high engine rpm, wet-clutch lubrication, extreme pressure regions of gears and rust common to short drives and storage. LA RACING LUBRICANTS 5W-30 PARA-SYN Motorcycle Oil is multi-functional and fulfils the requirements of both domestic and foreign motorcycles.

Reduces Friction, Heat and Wear

- Exceeds the standard for high-temperature film strength
- Excellent wear protection
- Keeps engines running cool by effectively reducing friction and heat
- Reduces wear regardless of the operating conditions
- Excellent thermal stability and contains maximum levels of oxidation-inhibitor additives
- Resistant to volatility
- Engineered to prevent damaging sludge and carbon deposits for superior engine cleanliness

Provides Extreme-Pressure Protection for Gears

- Excellent shear stability and will not thin out

from mechanical activity

- Protects transmission gears without the use of extreme-pressure additives

Delivers Superior Rust and Corrosion Protection

- Contains special anti-rust agents that deliver superior rust protection
- Provides greater protection from acid corrosion and helps maintain internal engine cleanliness

Provides Excellent Wet-Clutch Performance

- Contains no friction modifiers and promotes smooth shifting and positive clutch engagement
- Engineered to control heat and prevent slippage and glazing, promoting longer clutch life

Test Specification	LA 43
Viscosity Grade SAE	5W/30
Viscosity, 40°C .cSt	65.23
100°C .cSt	10.52
Viscosity Index	159
Cold Crank, cP -15°C	825
HTHS @ 150°C, cP	3.19
NOACK Volatility	8.77
